Kurzbeschreibung

- Graphic Designer / Motion Designer (2D /3D) / 360° Video -

I have been working in the field of visual communication for many years, with experience in both cinematographic and documentary fields. My skills vary from graphic design to animation (2D / 3D), as well as editing 360° materials, creating printed and digital props and animations that for more or less abstract narratives. I work under tight deadlines in an autonomous/collaborative way, with a great passion for the world of cinema and documentaries.
