Short description

As part of my studies in Communication Sciences, I've gained a lot of experience in the film - and PR-industry, which has further strengthened my initial interest. Therefore DaVinci Resolve and Adobe Creative Cloud are no strangers to me. For years it's been my dream to work in the film industry and to play a part in cool and impactful projects. Therefore, I'd love to gain new experiences working in German, Italian and English productions and by that, get a little closer to my dream job.

Education

Period Institution/Location

2021 - 2024 **Hauptuni Wien**
