Short description

In 2010 I started working on film sets as an electrician, until the first projects as a chief electrician. Previously I worked as a lighting technician - light designer - in the context of music festivals and theatrical performances. I really enjoy working as a Gaffer for documentaries, short films, music videos. I particularly appreciate when the projects in which I participate are itinerant, in Italy and abroad, when work is also an instrument of enrichment and cultural exchange.

Education

Period	Institution/Location
