Short description

Luxinombra is a company that operates in the field of video productions and in particular in post-production. The collaborations that have taken place over the years include the realization of the national spot of Grana Padano, the intros of national television programs for RAI and LA7 (Qualitalia Dop, Food Maniac) and 3D animation for the TV series MOUNTAIN HEROES (DMAX). The activities include: motion graphics, rotoscoping, conceptual 3D, camera tracking, matchmoving and compositing.
