Short description

My beginning in film production was organizing the premiere of "Hexe Lilli rettet Weihnachten". In the following productions I have worked as production assistance and coordination. Then I wanted to change department and try something new. So the last years I was part of the setconstruction team, transport of equipment (with quad), mountainsafety, props/setdresser, for a few days I've worked as direction assistant, set assistant/set manager. And a few times I have also cared about the extras during shooting days.
