Short description

Albolina Film was established in 2012 as a film production and service company based in Bozen/Bolzano (South Tyrol, Italy). Since than we have gained experience as service producer counting over 50 films, working with established European film companies such as Austrian based Amour Fou and German based Letterbox, Tempest Film and Tellux Film. Since 2017 we have started developing our own film and television projects. We focus on social documentaries and arthouse feature films, with a strong intention to work with European and international co-productions.
